# About us

Shall We Transfer is a simple, secure platform designed to send large files quickly and free online. We help individuals and businesses share heavy documents, videos, and media without complicated sign-ups or limits. With fast uploads, reliable transfers, and privacy-first technology, Shall We Transfer makes file sharing effortless across devices. Our mission is to save time, remove barriers, and provide a smooth, trustworthy experience for anyone who needs to transfer large files anytime, anywhere, globally.
